## DEAN FSPU

>> PROFESSOR TPr DR JAMALUNLAILI ABDULLAH

Assalamualaikum and Greetings from FSPU.

Welcome to the inaugural issue of FSPU e-newsletter. We hope through this e-newsletter, which will be published quarterly, we will be able to share initiatives and achievements of the faculty members and students of the faculty. Being the largest built environment faculty in Malaysia (and perhaps one of the largest in the world) with 30 academic programs, almost 16,000 students and more than 600 academic staff in five campuses throughout Malaysia, there are many exciting developments happening in the faculty. We would like to disseminate those developments and innovative ideas through this newsletters as well as through our social media which include website, facebook and youtube. For the inaugural issue the focus is on our vital statistics, management team, Professors and detailed information of FSPU academic programme and FSPU achievements through QR Code scan.

It is his vision and perseverance, continuing the legacy of previous deans and supported by all staff and students that has brought FSPU to where it is today. Thank you from all of us.
